

Peter Murch

Peter has been in the service industry for more than 30 Years and understands the importance of having a professional on your side when important decisions are being made.

As a mobile Mortgage Consultant, Peter will come to your home or workplace, to discuss your loan requirements. We **do not** charge you a fee for our professional service, but we do reward you, with our famous **'refund cheque'** which is hundreds of dollars back in your pocket.

Peter is an accredited Mortgage Consultant and a full member of the MFAA.

Remember, if you qualify for a loan through any bank or broker, we will get you the same loan, through the same lender and reward you with our **'refund cheque'** just for doing business with us.

I do realise that this can be a stressful & uncertain time for some clients, so, to this end, no question asked is ever a silly one. I want to **exceed** your expectations, because if I do, I know you will contribute to the best form of advertising there is - word of mouth.
